

Team Name: Software Surge
Report Number: 9
Reporting Week: 9

Summary of work completed in prior week:

This week our team completed the more essential parts of the frontend ahead of our frontend presentation on Thursday. We also continued progress with starting to develop our project's backend, and at our team meeting on Tuesday made a plan for what the backend and frontend teams would be working on over the break.

Summary of work planned for next week:

During the break the Frontend Team will work on editing parts of the frontend and finishing up the stylizing of the frontend pages. The Backend team will continue their work on mapping out and starting to code the backend.

Open issues and action plan to resolve them:

At the moment our team has no active issues.
