Team Name: Software Surge
Report Number: 10
Reporting Week: 10

Summary of work completed in prior week:

This week our team worked on making some updates and edits to our frontend, along with doing some research into APIs that we'll be working to implement for integrating the frontend and backend. We also worked on setting up the database and building the admin webpage on the backend side.

Summary of work planned for next week:

This week we will continue updating our frontend to complete edits suggested during the Mid Semester Presentation, along with setting up the APIs. We will also continue our work with developing and implementing the project's backend.

Open issues and action plan to resolve them:

At the moment our team has no active issues.

Project management summary

Team member	Tasks completed	Hours worked for week	Total hours
